

August 31, 2015

Aloha!

On behalf of the US Committee of the Council for Security Cooperation in the Asia Pacific (USCSCAP), I would like to invite you to this year's meeting of the Nuclear Energy Experts Group (NEEG). Co-organized by USCSCAP and CSCAP Singapore, this workshop is scheduled to take place at the Grand Park City Hall in Singapore on October 15-16, 2015, with an opening dinner on October 14. A draft agenda is attached for your further consideration.

The meeting will bring together nuclear experts from throughout the Asia-Pacific and beyond, and will focus on the Nuclear Security Summit process, nuclear governance after 2016, radioactive sources management, and ways to respond to nuclear accidents and incidents. This year we will also be discussing a tabletop exercise involving a nuclear accident in Vietnam.

All CSCAP member committees are welcome to join us for this event. USCSCAP is prepared to cover all local costs for one designated representative from other CSCAP member committees for up to three nights in Singapore. If you are planning to attend please complete the attached registration form no later than September 30, 2015. All participants take part in their private capacities.

Again, we hope that you can join us for the meeting. Please contact Jesslyn Cheong ([Jesslyn@pacforum.org](mailto:Jesslyn@pacforum.org)) or David Santoro ([David@pacforum.org](mailto:David@pacforum.org)) if you can join us and/or if you have any additional questions about this meeting. We look forward to seeing you in Singapore.

Sincerely,

Ralph A. Cossa  
President, Pacific Forum CSIS  
Executive Director, USCSCAP
