

March 14, 2017

Aloha!

On behalf of the US Committee of the Council for Security Cooperation in the Asia Pacific (USCSCAP) and CSCAP Indonesia, I would like to invite you to attend our upcoming Council for Security Cooperation in the Asia-Pacific (CSCAP) Workshop on Cybersecurity, scheduled to take place in Semarang, Indonesia on April 5, 2017.

Chaired by CSCAP Indonesia and USCSCAP, this meeting will be held immediately before the ASEAN Regional Forum's Inter-Sessional Meeting on Counter-Terrorism and Transnational Crime (ARF ITTC) that will be held in Semarang on April 6-7, 2017. Representatives to the ISM are welcome and encouraged to arrive in Semarang early to participate in the workshop. A draft agenda is attached.

The co-chairs are prepared to cover all local costs for one designated representative from other CSCAP member committees for up to two nights in Semarang. If you are planning to attend please complete the attached registration form no later than March 27, 2017. We do have some limited funding available should assistance be required to cover other travel costs. If so, please contact us to make prior arrangements. All participants will attend in their private capacities.

We expect that our discussions will complement those of the ARF and thus provide a good primer and facilitator for the subsequent ARF discussions. We hope that you can join us for the study group meeting. Please contact Jesslyn Cheong (jesslyn@pacforum.org) if you plan to attend and/or if you have any additional questions about this meeting. You can also contact us by phone at +1-808-521-6745. We look forward to seeing you in Semarang.

Sincerely,

A handwritten signature in black ink, appearing to read "Ralph A. Cossa".

Ralph A. Cossa
President, Pacific Forum CSIS
Executive Director, USCSCAP
